MVRC Monthly Meeting on Friday, AUGUST 1st
at the Airfield at 7:00 PM

!!!DISCUSSION AND PLANNING OF THE GIANT SCALE FLYIN!!!!

(To view the pictures better, magnify (by computer) to 175 to 200%.)

President's Corner

Fellow MVRC Members:

I will try to keep my messages to you brief, focused and complete. For my continued direction for our club I will focus on two top main items as president: 1. Our Members and 2. Our Airfield. We have a great club and it's because of all our members! I will always try to think of our members well being. Health, safety and having fun flying. As the saying goes, if you don't have your health you don't have anything. Some of our members are battling some serious illnesses and disease. Sometimes flying and the comradery helps in these areas. As another side note for health, try to remember to bring and wear sunglasses during bright sunny days. It's not only good for your eyes but good to keep excellent contact vision with your airplane. I can remember losing an airplane by mistakenly flying towards the sun and not wearing sun glasses that day. As for our field, it's coming along although we are always trying to improve. We have lots of action items for our field, grass cutting, surface preparation, parking area, benches, shelter, restroom and long term future improvements. I will be working with the executive committee to assist with any support. Please remember that our executive committee provides the direction and

suggestions for our members and our field. Please keep talking with our executive committee members! They all need our support.

Our club monthly meeting is August 1. Please try to attend. Lots of information to discuss. We have a number of events coming soon: The Float Fly is August 2 at the Acme Dam. Even if you don't fly come see those that do. It is a very good event to attend.

We also have the Cedar Creek Park Fun Fest August 10. We need volunteers to bring their aircraft for display. Please let me know if you can attend.

In September we have the Giant Scale Event September 6 and 7th. This is a great event with lots of aircraft and lots of fun. I will be reaching out for volunteers.

The last Sunday in September is our FAMILY picnic. Lots of food, refreshments and flying!

Please remember that I am always open to suggestions for our club. I enjoy meeting with you and sharing club information. Send me emails or call me.

Keep healthy, be safe, have fun flying !

Al Kozusko
President, MVRC

Secretary

(Notes taken by Mike Eiben)

Monthly meeting-July 11, 2014

Meeting was called to order at 7:04 PM with the Pledge of Allegiance.

Club Activities

Photos from Ron Doctorick at Kentucky Jets

These are photos submitted by Lew Heifner, presenting a little nostalgia of our club members, some of whom are no longer with us. Also at the time of these pictures is Tom Heifner, who was 9 or 10, the youngest member ever. He still is a member in good standing.

Jack Stoken

Chuck Pusateri of J&C Hobbies

Vaughn Dennis-he aint cuttin' grass!!!

Gang of Seven

George Wilson

Rich Makovich- died from boat accident not long after this photo was taken.

Tom & Lew Heifner

Howard Robb

Learn from the mistakes of others. You won't live long enough to make all of them yourself.

. You know you've landed with the wheels up if it takes full power to taxi to the ramp.

A man goes into the airplane section at his hobby shop to get some parts. The man asks the clerk, and then the clerk asked the guy in the backroom. He replied "I ain't got it!" Everybody in the RC car section dives to the floor.

2005/04/23

Gang of "migrants" hired to make new tables in 2005

2005/04/23

And members assembling them-lots of help.

Tower: Aircraft in holding pattern, say fuelstate?

Aircraft: Fuelstate

Tower: Say again?

Aircraft: Again....

After this the tower controller switches off his radio and climbs down the stairs to drink coffee the rest of the afternoon.

Tom Heifner & Nick Carrozza

Betty Pusateri & Customer (Vaughn)

Mike Eiben and Mike Bunardza
